STATE FAIR OFFICIALS ALMOST AFRAID TO ESTIMATE CROWD.

It Seems Probable. However, that During the Day and Evening the Attendance Reached 65,000.

JUDGED BY PAID ADMISSIONS

AT 4 P. M. FORTY-FIVE THOUSAND SUCH TICKETS HAD BEEN SOLD.

The Crowd So Vast that It Spread All Over the Grounds-Great Amphitheater Audience.

o'clock. Races.

To-Day's Fair Programme. Morning: Award of prizes in all departments. Concert at Art Hall. Show of cut Afternoon: Concert at Art Hall, 1 to

Yesterday was the only day in the history of the Indiana State Fair when the crowd was so large that the management declined to estimate the number of people present. "I can't say how many people there are here to-day," said President Mac-Donald, "because I nor no one else can tell anything about it. All that I know is that there were never so many people here

before within the history of the fair." Secretary Downing said he thought there were between 50,000 and 60,000 people on the grounds at 3 o'clock in the afternoon, but there-might have been 10,000 more than that or 19,000 less. The only reliable figures are based on the paid admissions, which at 4 o'clock in the afternoon numbered more fordsville. their admissions thousands passed through the gates on complimentary tickets issued to them because they were exhibitors at the fair, or because they were Odd Fellows attending the meeting of the Sovereign Grand Lodge, and for a hundred other reasons. A fair estimate, including day and evening attendance, places the crowd at about 65,000 people, which is many thousands more than ever before attended the state fair in one day.

EVER-INCREASING THRONG. The people began going to the fair early in the morning and from the time the first car went out at 6 a. m. until 3 in the afterincreasing crowds. Cars ran on a threeminute schedule on both the Illinois and Central-avenue lines and every car was so packed and jammed with people that standing room on the foot board was at all times at a premium. By noon the fair many acres, were black with people and more were coming every minute. Carriages were driven into the grounds by the hundreds and the railroad trains, which ran all day on a fifteen-minute schedule, carried thousands of people who were willing to pay the extra fare in order to avoid riding on the crowded street cars. For once the exhibitors on the grounds could not complain that the people were drawn away from them by the attractions at the race track for the reason that the twenty-Are or thirty thousand people who took up every available inch of space in the big amphitheater and stood ten deep clear around the track were scarcely one-half of the people on the ground, many thousands being unable to get either a glimpse at the races or to hear any portion of the sacred concert programme rendered by Sousa's Band. But those who couldn't hear

with the various exhibits which everywhere The Art Hall was so crowded that it was difficult to gain an entrance. The poultry, horticultural and agricultural buildings were congested with people all day, and every exhibitor on the grounds had more

the music or see the races didn't seem at

all chagrined and contented themselves

visitors than he could attend to. INDIANAPOLIS ATTENDANCE. The fact that the railroad officials at the on the number of people brought to the city proves conclusively that the greater portion of the record breaking crowd was made up of Indianapolis people, the big attendance from this city being probably due to the fact that most of the factories were closed for the day out of respect to the memory of President McKinley. The weather for the fair yesterday could not have been better. There was not a cloud in the sky and it was just cool enough to be bracing, and the visitors were active in their wanderings from one exhibit to an-

In the amphitheater and around the race course the people were packed so close to-

The Sousa concert began promptly at 1 o'clock and after that hour it was impossible to gain admission to the grand stand. In fact the big amphitheater was filled to overflowing long before noon, those who obtained seats early in the day being afraid to leave them for fear they would not get back at the hour of the concert and the memorial exercises immediately Notwithstanding the discomfort to which

the thousands who sat in the amphitheater. and the many more thousands who tried to get as near the band stand as possible. were subjected, it was without exception the best natured crowd ever assembled on the fair grounds. Prior to the concert when people were crowding and shoving and toes were being tramped upon indiscriminately the indiscretions of the thoughtless and the roughness of those inclined to be rude were invariably pardoned with a smile. When the crowds in front of the big pavilion grew too large for those behind to see what was going on at the race track there were no protests from those who could not see. Unlike Wednesday the big crowd which filled the amphitheater yesterday did not leave their seats at the conclusion of the memorial exercises and the band concert, but remained watching the races until it grew too dark

THE EVENING CROWD.

Thousands did not leave the fair grounds until after the evening concert. Some had brought their suppers with them, others patronized the hundreds of refreshment stands which lined the main drive at intervals of every few feet, and others did without a meal in order to avoid paying a second admission to the grounds. The weather was not so cold as on Wednesday, and as a consequence the attendance at the concert last night was many times larger than on the night before.

Members of the State Board of Agriculture are agreed that it was the greatest day in the history of the state fair. From a financial point of view the entire week of the fair has been the best in years. There have been more paid admissions this year than ever before and the profits when the ledger is balanced will show an increase of many thousands of dollars over those of last year and the year before. Treasurer J. W. La Grange said yesterday that the receipts were beyond his expectations and he predicts that the end of the week will show the Board of Agriculture to be in better financial condition than ever before. The fine attendance this year is attributed to a great many things. The exhilds are unquestionably the best ever shown at the state fair. The weather, although a trifle cold on Wednesday, has been uniformly good, and in addition the management has been able to offer a fine racing meet and John Philip Sousa's great

band as special attractions. To-day is the last day of the state fair and to-night the exhibitors will begin packing and moving out. The management of the fair states positively, however, that nothing will be disturbed until late this evening. The chief attraction to-day will be the splendid racing card, which includes the finish of the free-for-all pace, three heats of which were paced yesterday; the 2:15 trot, 2:21 pace and the 2:00 pace stake. The Sousa concerts were concluded last

will furnish an excellent musical programme during the afternoon.

AWARDS OF PREMIUMS. An Unusual Amount of Work Done by

Secretary Downing and his assistants are making rapid progress in classifying the dition to those published the following have Mrs. J. F. Donald, Atchison, Kan.

-Class 51. Knitting and Crochet Work .-Greensburg; second, Miss Susan Reed, In- ond, Mrs. Clinton Hall, Indianapolis. Stagg, Greensburg; second, Mrs. C. Dille, Akass, Indianapolis, Greensburg.

Pair silk mittens, hand knit-First, Mrs. L. Wilson, Connersville; second, Mrs. A. Moore, Terre Haute Pair silk stockings, hand knit-First, Parnelia Burns, Greensburg; second, Mrs. P. D. Stagg, Greensburg. Infant's crochet sacque-First, Mrs. C. nie B. Akass, Indianapoli Dille, Greensburg; second Miss M. L. Fox, Clinton Hall, Indianapolis. Crochet skirt-First, Mrs. R. H. Talbutt, Lexington, Ky.; second, Mrs. J. W. Draper, Austin, Crawfordsville. Ligonier. Silk purse-First, Parmelia Burns, Greensburg; second, Mrs. William Welch, Indian-Crochet bedspread-First, Mrs. R. H. Taibutt, Lexington, Ky.; second, Mrs. W. L. Berryman, Tipton.

Infant's silk cap-First, Mrs. George Sands, Kokomo; second, Mrs. P. D. Stagg, Greenshurg. Lady's shawl-First, Mrs. L. K. Brown Indianapolis; second, Mrs. Isaac King, Indianapolis.

BRITISH ROUTED.

Two Hundred Killed, Wounded and Captured by Boers.

LONDON, Sept. 19 .- The Boers have cap-

tured two hundred British troops and three guns at Scheeper's Nek. A dispatch from Lord Kitchener from Pretoria, dated Sept. 18, announces that the panies of mounted infantry with three guns, commanded by Major Gough, in the vicinity of Scheeper's Nek. After severe fighting the British were overpowered and lost their guns, the sights and breech blocks of which were first destroyed. Two officers and fourteen men were killed and five officers and twenty-five men were wounded. Five officers and 150 men were made pris-

oners. Major Gough, who escaped during the night, reports that the Boers numbered a thousand men and that they were commanded by General Botha. General French reports that Commandant Smuts, in order to break through a cordon, rushed on a squadron of the Seventeenth Lancers at Eland's river poort, killing three officers and twenty men and wounding one officer and thirty men. The Boers, who were dressed in khaki and who were

mistaken for British troops, lost heavily. Reinvasion of Natal Imminent.

PIETERMARITZBURG, Natal, Sept. 19 .-In view of the imminence of the reinvasion of Natal by Gen. Louis Botha with a force of 1,500 men a special issue of the Gazette called out a number of men of the Natal corps who mustered here to-day. Kruger to Appeal to Roosevelt.

LONDON, Sept. 19 .- Mr. Kruger, according to a dispatch to the Daily Mail from Brussels, is preparing a memorial to President Roosevelt soliciting the intervention

of the United States in South Africa. COST OF THE STRIKE.

Strikers Lost \$10,000,000 and Com-

panies' Earnings Cut \$15,000,000. PITTSBURG, Sept. 19.-President Shaffer. of the Amalgamated Association, was seen this evening and asked when his looked-for statement would be made. In reply he said it would hardly be issued before Saturday. He has been working on it every moment possible, he says, and predicts that when Lamb-First, George Harding & Sons, the workers and public are made aware of the real conditions his course will be indorsed by all. The conditions already published, he says, are all wrong and far from

the truth. Experts are busy computing the cost of the strike to the Steel Corporation and to the workers. On an estimate that 50.000 men have been idle for two months and a half, their loss in wages approximates \$10,-000,000. Gross earnings of the constituent companies have been cut to the extent of nearly \$15,000,000. Much of this will be made up, for many of the orders hold good and the manufacturers will have opportunity to fulfill the orders with export trade

cut off. It is estimated that the Amalgamated Association carried 2,000 of its membership into the strike out of about 14,000 when the strike started, and as the outcome of the contest has lost recognition for about 2,500
